

Serial No. 10/734,025

Filed: April 14, 2003

REMARKS

Claims 8 and 11 are pending in the present application. Claims 1-7, 9-10, and 12-19 have been canceled. Independent claim 8 has been rejected by the Examiner under 35 U.S.C. §102(b) as being anticipated by U.S. Patent No. 2,474,745 to Lewis. Applicant has amended independent claim 8 to distinguish the present invention from the Lewis reference. Based on the amendments made to independent claim 8, Applicant respectfully requests the Examiner to withdraw the rejection of independent claim 8 as Lewis does not anticipate amended independent claim 8.

Dependent claim 11 has been rejected under 35 U.S.C. §103(a) as being unpatentable over Lewis in view of U.S. Patent No. 5,802,760 to Campbell. Dependent claim 11 is dependent from independent claim 8 and as such, includes all of the limitations of independent claim 8. Applicant believes that independent claim 8 is allowable in its present form and as such, respectfully requests the Examiner to remove the rejection of dependent claim 11.

Applicant believes that all of the present pending claims of this application are allowable and respectfully requests the Examiner to issue a Notice of Allowance for this application indicating the same. In the event a telephone conversation would help expedite the prosecution of this application, the Examiner may reach the undersigned at (317) 713-3500.

Respectfully submitted,

Dean E. McCormell
Attorney Reg. No. 44,916
